ADA Training

Last Friday the HRO's previewed DHR's new "ADA 101 Training." We had a great time talking ADA and are excited for the full roll out! Jan Mac and Carrie Cloud are spending the next few weeks fine tuning the training based off feedback received from the HROs. More information on expected dates TBD as we are trying to be more intentional with our training schedule and more mindful of agency's having the ability to plan for training in advance. This is the result of much appreciated agency feedback on scheduling training! Thanks, team!
