

# Information & Updates

8.4.23

## Negotiated Rulemaking

As our rule chapter is up for Zero-Based Regulation, we will have two public meetings. These meetings are informal and are for the purposes of accepting generic comments from the public regarding our rule chapter. There are no formal presentations or documents at these meetings. While you are welcome to attend, there will be opportunities for HR staff to provide feedback prior to us finalizing our changes.

The two public meetings on DHR's negotiated rulemaking will be held as follows:

- **Wednesday August 9th at 11:00am MST**
- **Tuesday August 15th at 3:00pm MST**

Both meetings will be held at DHR Central Office, 304 N 8th St., Suite 347

Provide comments in writing for the record to **Michelle Peugh**, [michelle.peugh@dhr.idaho.gov](mailto:michelle.peugh@dhr.idaho.gov).

Notice of Intent document, [click here](#).

## Recruitment Update

All jobs are posted on the new website, [statecareers.idaho.gov](http://statecareers.idaho.gov). As of 8/2, we have 421 combined internal and external live postings - great job team!

As a reminder, all jobs posted through NeoGov closed 7/31 or prior. Please be sure to finalize your hires and close out hiring lists as soon as possible. We also recommend you pull out any relevant information from NeoGov such as class specs, job postings, and exam questions (to be used during interviews). Additional information will be coming out regarding the last date to access NeoGov. Please work to communicate with your agency that the ability to access classifications via our public website will cease once our contract with NeoGov ends. We are working on a solution but in the meantime, class specs (jobs) can be accessed in Luma through both Generalist and Compensation roles.

## Free SHRM and HRCI Continuing Education Webinars

Below is information and registration links for several **FREE Department of Insurance, SHRM and HRCI** continuing education webinars Melisa Zwilling will be conducting over the remainder of this year. Topics range from DEI to Medicare Secondary Payer Compliance to ethical issues with emails/text messaging in the workplace and ethical concerns regarding AI. [Click here](#) for topic dates and registration.

## SCO General Reminders

Please [click here](#) to view and read about important updates regarding LUMA topics from SCO.
