Welcome Kari Wilk – Idaho Department of Health & Welfare

The Idaho Department of Health & Welfare is proud to announce the hiring of Kari Wilk as their new HR Specialist in Region1!

When she is not working, Kari enjoys spending time with her husband, two children, and three labs. Living in North Idaho, they enjoy family time outdoors camping, traveling, and catching a concert. Kari also enjoys interior decorating, so if you're looking to freshen up your office, she may have some ideas to share. Kari's first day with us was Monday, November 27th. She will start full time in office (the HR office will remain in the Lower Level of the 1120 Building).
