

State of Idaho

MGS Program Status Update

29 May 2020

PROGRAM DESCRIPTION

The State of Idaho is actively working to source MGS (masks, gloves, and sanitizer) to meet short-term needs for Idaho state and public agencies, and small business and non-profit. Due to the strain on the global supply chain for these items, we cannot guarantee that we will meet every request immediately or that the estimated times given in this report will be achieved. This information is being provided weekly with the best information available at the time.

INVENTORY STATUS

SUPPLY TYPE	CURRENT INVENTORY LEVEL	ANTICIPATED FUTURE INVENTORY
Disposable Masks	High	Inventory available
Reusable Cloth Masks	None	Large supply ordered, delayed
Nitrile Gloves	Size S- Medium Size M- Low Size L- High Size XL- Medium	Supply on order; inventory expected in the weeks to come. Continuously sourcing and receiving shipments.
Hand Sanitizer	High	Plenty of inventory in stock.
Disinfecting Wipes	None	Actively sourcing; no ETA on inventory

PLACING ORDER

The State of Idaho has created an MGS Website where you will be able to submit requests. Please visit <http://supplies.idaho.gov> to fill out the Sourcing Request Form. The request form is for a 30-day supply for your small business / non-profit needs. We thank you for participating in the MGS Program!
